GOOD HEALTH AND WELL BEING

TABLE OF CONTENTS

PROBLEM STATEMENT

We know that some doctors recommend medicines of particular company. And sometimes it is either costly than others or not easily available.

PROBLEM STATEMENT

So, we need to sometime trust the pharmacist for providing us the alternatives. Here we go wrong as chemist can provide fake medicines in the name of alternative medicine with same content.

OUR SOLUTION

Our solution is actually a question to you,
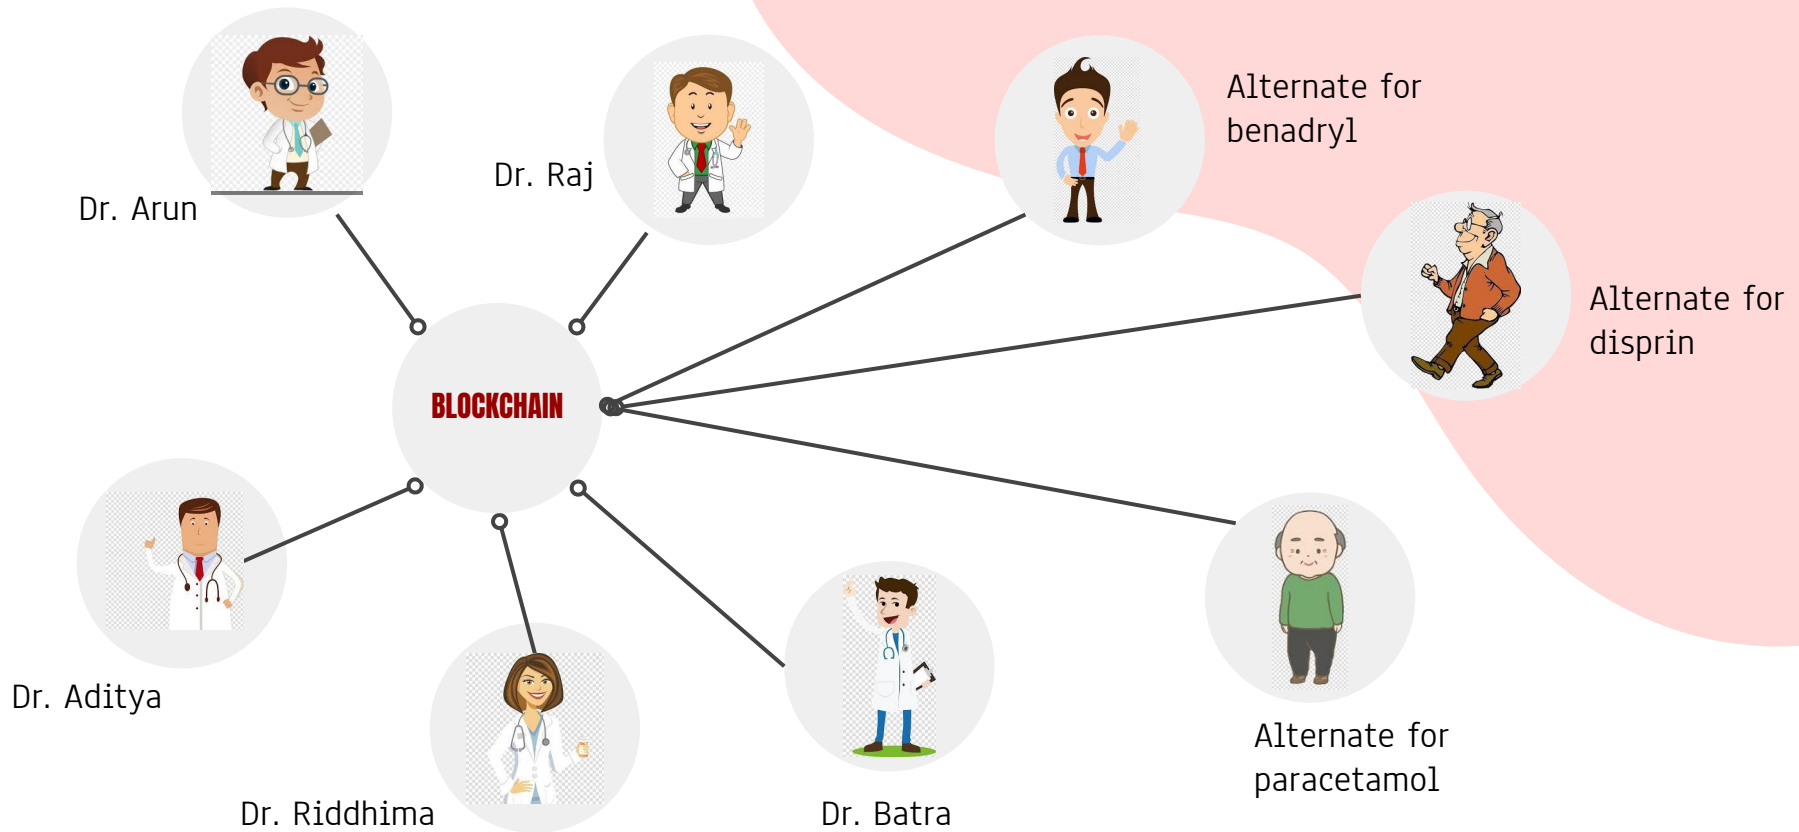

WHY TO TRUST CHEMIST ?

OUR SOLUTION

Our solution is to create a blockchain network, where highly professional doctors post the alternatives for medicines.

OUR IDEA

Dr. Arun

Dr. Raj

Alternate for benadryl

Alternate for disprin

BLOCKCHAIN

Dr. Aditya

Dr. Riddhima

Dr. Batra

Alternate for paracetamol

PROTOTYPE

0

Doctor Registers

A doctor has to register, if he wishes to add alternaives for medicines.

1

Admin approves legit Doctors

Admin will approve legit doctors only to avoid any scam.

2

Doctors can add alternatives

Verified doctors can add alternatives for medicines.

3

User can search alternatives

User can search for category of sickness and get prescribed medicines or can search for alternative of a medicine.

FUTURE ASPECT

A user can scan barcode of medicine and can know its content and also alternatives.

THANK YOU
